*The Fine Art of  
Composite Doors*

**Truedor**

**SECURE  
STYLISH  
DURABLE**

## OUR HERITAGE

FOUNDED IN 1958

*Truedor*

THE FINE ART OF COMPOSITE DOORS

Truedor is a range of strong, long lasting and affordable GRP composite doors. We choose to work with GRP composite material because it is robust, it won't warp and delivers the same aesthetic appeal as timber but with none of the disadvantages. Why use anything else? Across all our collections, our quality front door styles can be coloured and finished to your personal specification.

**FOR OVER 35 YEARS, IG DOORS, THE COMPANY BEHIND TRUEDOR, HAS MANUFACTURED THE FINEST QUALITY DOORS USING TRIED AND TRUSTED TECHNIQUES THAT ARE PASSED ON BY EXPERIENCED, SKILLED PROFESSIONALS**

#### TRULY FRIENDLY TO THE ENVIRONMENT

IG Doors, the company behind Truedor, recognises its important role in conserving the environment for future generations and aims to pursue a sound environmental strategy through the implementation of its environmental policy and by setting annual environmental objectives and targets.

The responsibility for implementing the environmental policy lies with the management team, assisted by employees at all levels.

The Company encourages staff training and development to ensure that commitment to the policy can be fulfilled. The main aspects of the Company's strive for environmental excellence include:

- the prevention of pollution
- a reduction in energy consumption
- a reduction in waste generation
- an increase in the use of sustainable materials

IG Doors Ltd achieved certificate BS EN ISO 14001.

*With four styles, a great number of glazing options and colour choices, the four panel Cézanne makes a smart addition to any home.*

| DOOR  | ROSEWOOD | GOLDEN OAK |

### ASSUMPTIONS

1. The above is for the Spectus Elite 70 PVCu section only.
2. As we are constantly working to improve our products, these sizes may change.
3. Sizes are given for guidance only.
4. Certain designs do differ from this so please check before ordering.

Due to the difference of materials we cannot guarantee an exact match in colour or texture of stained or painted doors to these foiled frames.

## SIDEPANELS & TOPLIGHTS

For added individuality or to replace your doorset like for like, we offer fully glazed sidelights or toplights, or composite sidepanels to match the door. These are all available as single or as a pair in a variety of styles.
